Giving Shape to Ideas

USER BENEFITS

A machine that knows you. Intuitive design and simple operation.

Easy to use, intuitive control panel

5020i 4020i 5000i 4000i

The large colour LCD touch panel is easy to operate even for first-time users. An intuitive interface and smartphone-like operability helps you get to the functions you need quickly, with no fuss.

bizhub 5020i 4.84-inch touch panel

bizhub 4020i 3.7-inch touch panel

Small footprint

5020i 4020i 5000i 4000i

Whether you are adding to your existing office network or looking for a single workhorse, having a machine small enough to place on a desktop or any convenient surface is a huge benefit.

Keep it simple

5020i 4020i 5000i 4000i

The more compact 5000i and 4000i models are equipped with an LCD screen that clearly displays setting information and offers great usability combined with easy-to-use controls.

Wireless connectivity

5020i 4020i 5000i 4000i

Fed up with cables and wires getting in the way and restricting where you can place your printer in the office? All models are equipped to operate wirelessly, with no need for LAN wiring. Place your machine wherever is convenient, and print from anywhere inside your office via your Wi-Fi network.

Keep your documents secure with ID Print

5020i 4020i 5000i 4000i

The 5020i and 5000i models are equipped with an ID card reader (NFC) on the operation panel, enabling ID Print. Documents will only print once a user has identified themselves at the machine, helping to ensure your documents don't end up in the wrong hands.

Get started faster

5020i 4020i 5000i 4000i

Get to work in 27 seconds or less. All models have an outstanding warm-up time, helping you to get on with what matters.

Warm-up time* comparison between previous model and bizhub 5020i

Previous model	90 sec. or less	
5020i	27 sec. or less	From main power and auxiliary power ON
(Sec)	0	45 90

* 23°C, at rated voltage

COMPACT DESIGN PACKED WITH INNOVATION

bizhub 5020i

High-speed printing, scanning and all-round performance in a compact package. This multi-function printer is packed with useful features that make it ideal as a standalone or part of a larger office network.

bizhub 4020i

Combining the functionality of a multi-function printer with the convenience of a desktop machine. Intuitive design and plenty of functions to cover whatever printing or scanning needs come your way.

COPY & PRINT

A range of useful functions available at your fingertips.

Reliable high-speed printing

5020i 4020i 5000i 4000i

Print up to 50 pages per minute with the 5020i and 5000i models and 40 pages per minute with the 4020i and 4000i models. Outstanding durability and low maintenance needs are combined with great quality and high speed, so you can keep printing all day long.

Add paper storage capacity up to 1,610 sheets

5020i 4020i 5000i 4000i

Add to the standard paper capacity with additional paper tray units to build the machine that best suits your working environment. Boost your bizhub by up to 1,400 sheets with the PF-P24 and PF-P23 optional units.

The 4020i model can accommodate up to 1,340 sheets maximum.

Copy with clarity

5020i 4020i 5000i 4000i

Copy quality has been significantly improved over previous bizhub models. Scan up to 1,200 dpi using the Document Glass to achieve detailed replication when copying and scanning.

Print from USB

5020i 4020i 5000i 4000i

Data stored on a USB memory device can be printed directly from your bizhub using the USB port on the front panel. Print from a variety of formats including DOCX, PPTX, PDF, JPEG, PNG and TIFF.

Up to **1,610** sheets
(PF-P24 × 2)

Up to **1,610** sheets
(PF-P24 × 2)

SIMPLE, FUNCTIONAL & DURABLE

bizhub 5000i

Print up to 50 pages per minute in high-quality black and white. Speed is combined with endurance in this compact printer, which can go the distance with best-in-class durability.

bizhub 4000i

A compact, low energy machine that is ideal for expanding your office network. Perfect for your wireless and mobile printing needs.

SCAN & FAX

High-quality and high-speed capability. Treat your documents right.

Scan up to 24 pages per minute

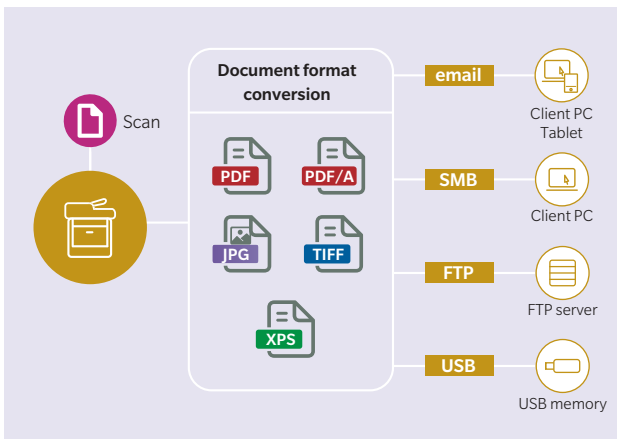

5020i 4020i 5000i 4000i

Scanning is made easy with the high-speed, high-capacity automatic document feeder, which can scan double sided documents in full colour at a rate of up to 20 pages per minute, and in black and white up to 24 pages per minute. What's more, you can scan up to 80 sheets at once with the 5020i model, and process a wide range of paper types.

Paperless sharing

5020i 4020i 5000i 4000i

Scan documents to a range of formats and share them in the way that's best for you.

Scan to an editable document

5020i 4020i 5000i 4000i

If you have our ControlCenter 4 software installed, you can use your MFP to scan to OCR (Optical Character Recognition). With Scan to OCR, you can convert scanned documents into editable text with your bizhub. Once scanned, the text can be entered into a word processing application and edited. You can also create searchable PDFs.

High security Super G3 fax

5020i 4020i 5000i 4000i

The 5020i and 4020i models are equipped with high-speed Super G3 faxing, ensuring you are well equipped for any situation. If your bizhub receives a new fax when out of paper, the fax is saved securely until paper is available. What's more, with Secure Transmission, you can confirm your faxes are transmitted without error with the use of VoIP. All-round performance in a compact machine.

MOBILE & CLOUD

Access your bizhub via your mobile device for a seamless work life.

Konica Minolta Mobile Print

5020i 4020i 5000i 4000i

Print and scan with your smartphone or tablet. The Konica Minolta Mobile Print app is fast, secure and convenient. Use your bizhub directly from Android, Windows Mobile and Apple devices via your office Wi-Fi or by tapping your device on the NFC reader.*

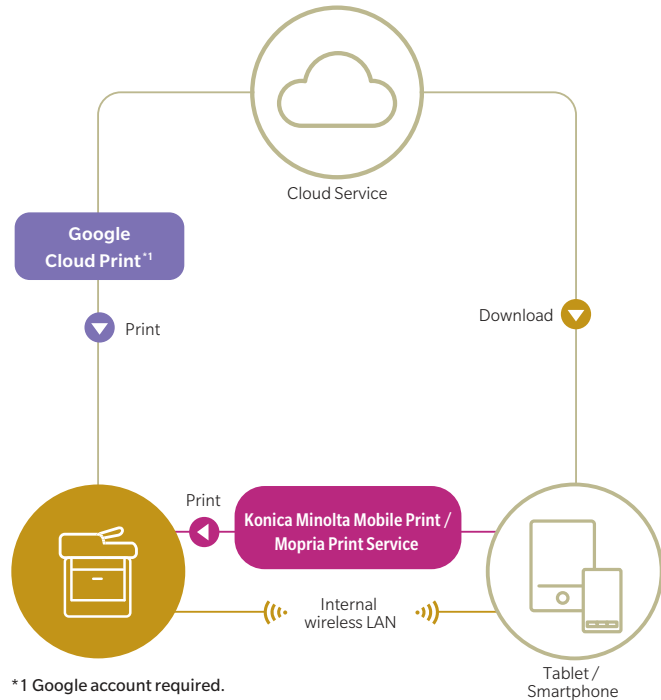

*Only available for Android devices equipped with an NFC antenna. NFC reader is equipped on bizhub 5020i and 5000i models only.

For iPhone and iPad, download Konica Minolta Mobile Print from the App Store. For Android devices, download Konica Minolta Mobile Print from Google Play. For Windows Mobile devices, download Konica Minolta Mobile Print from the Microsoft Store.

Multiple mobile print services

5020i 4020i 5000i 4000i

You can also connect with a variety of other mobile print services including Mopria Print Service for Android devices without a print driver, and Konica Minolta Print Service for direct printing via the Android OS. You can also print and scan via Google Cloud Print.

SECURITY

Keep your office environment secure and keep your documents private.

Secure Print

5020i 4020i 5000i 4000i

When Secure Print is enabled, a password is required at the machine itself before the print job will start. This prevents confidential documents from lying around the office or being accessed by unauthorised users.

Function lock

5020i 4020i 5000i 4000i

This setting requires each user to have a password and allows the administrator to enable or disable functions for different users, preventing unauthorised users from gaining access. You can also set the maximum volume of printing each user is allowed to do via the machine, helping you stay in control of paper waste.

ENVIRONMENT

Look after our global environment and your office space.

Easily balance your consumption

5020i 4020i 5000i 4000i

With a wealth of economy measures, you can balance quality and ecological performance as you need. Toner Economy Mode reduces the amount of toner used without sacrificing legibility, helping to save on toner usage. Deep Sleep Mode consumes less power than conventional Sleep Mode, and the printer will still reactivate as soon as new print data is received. The LCD panels on the 5020i model and 4020i model are also auto-dimming, saving energy when the machine is not in use.

Energy-saving design

5020i 4020i 5000i 4000i

Designed to consume as little energy as possible, enjoy printing with far below typical energy consumption.

CUSTOMER BENEFITS

Mobile connectivity
